NSSI at a Glance

NSSI has been providing quality insurance to colleges since 1971.

Your college is under no obligation to NSSI.

The program is completely managed by NSSI and the contract is between NSSI and the student. The same way your school may handle your students' health insurance.

We cover mishaps for devices that matter most to your students.

✓ Campus housing, student common areas, cafés and vehicles are frequent places where **laptops are stolen**.

✓ 18 to 24 year-olds are one of the most likely age groups to **accidentally damage their electronics**.

Students are covered no matter where they live.

✓ Dorm Room ✓ Apartment ✓ House ✓ Townhome ✓ Condo

We provide coverage and benefits that **Renters Insurance does not!**

Accidental Damage Coverage

Unlike most renters insurance, we cover cracked phone screens and spills on laptops.

Worldwide Coverage

Students are covered on and off campus, for items in storage, or when they study abroad!

Student Files the Claim

Colleges don't have to file a claim and students can file online!

No CLUE Reporting

NSSI does not report personal property claims back to CLUE.

Shareable Resources

Options to Inform Your Students

All resources are **FREE** to your institution!

Paper Brochures

Over **800 schools each year** choose this method to inform their students about NSSI Property Insurance!

E-Brochures

This eco-friendly option is easy to send to students and parents!

Embedded Programs

Your school can include coverage in students' room and board. This gives all students equal access to coverage.

Opt-Out Web Forms Available

An opt-out portal ensures students make active decisions about insurance. Each student can elect to opt-in or opt-out of coverage. Decisions for each student are reported back to your school to help offset risk.

Opt-In Purchase Online Portals

A secure web page for students to purchase coverage can be customized for your school with any disclosures or information you would like. Marketing materials sent to students and parents can include your school's portal URL.
